Frightful Havoc Wrought by a Cyclone at New Richmond.

OVER ONE HUNDRED KILLED.

Flames Add to the Distress and Destruction of the Storm.

DESTITUTION OF SURVIVORS.

Congressman Jenkins, In a Telegram to the Governor of Wisconsin, Briefly Describes Scenes of Misery and Desolation — Relief Trains Sent.

New Richmond, Wis., June 13.—Over 175 killed and 400 wounded is the estimate of casualties in Monday evening's storm. This estimate is based on information received by General Manager Scott of the Omaha railway. The relief train from St. Paul arrived here at sunrise. On board were twenty nurses and twelve doctors.

The storm struck the Omaha railroad line at Boardman, Wis., and followed the track to New Richmond from south to north and leveled the center of the city. People were penned in and scores were hurled alive.

On the street from the depot starting with Henry Beal & Company's store, through to the Hotel Nicolet, on both sides of the street, every building was destroyed. Only the most incomplete information as to the killed and wounded is as yet obtainable.

This little town has gone out of existence. Out of the 2,200 inhabitants few, if any escaped death, injury or bereavement. Scarcely a home hut has lost one or more members and many still watch about hopelessly seeking those who are only to be found among the increasing list of dead.

Just how many lives were lost may not be known for some days, but the most conservative figures are 49 dead and 200 or more injured, while other estimates reach 200 dead.

Of the pretty village only scattered fragments and burning ruins remain. The principal business street is a smouldering heap of stone and ashes in which an occasional explosion marks the location of a hardware store.

People are impoverished by the storm and supplies were hurried down by special trains during the night and early morning were most necessary and welcome.

CONGRESSMAN JENKINS

Briefly Describes the Scene of Desolation at New Richmond.

Milwaukee, Wis., June 13.—The following telegram has been received from Congressman John J. Jenkins of New Richmond, Wis., addressed to the governor and chamber of commerce: "The city wiped out by storm. Every business building and contents and over half the dwellings and contents total loss. Many hundreds of dwellings and contents partly injured. Over 100 wounded. Forty dead bodies, many missing, and ruins burning. Local people are making heroic efforts and giving freely of what little they have left. They can be furnished for a short time, but with few exceptions they have no food or clothing. Not an article of goods, wares or merchandise was left by noon. There will not be a mouthful to eat. Must have immediate relief. Will require aid for some time. Not a coffin, nor article to bury the dead. Practically desolation prevails. Will you notify the public and ask them that aid be forwarded as soon as possible."

A committee has been appointed by President Cottrell, of the chamber of commerce, to supply the needs of the suffering people. The Wisconsin Central railway has furnished a car that will be loaded with supplies from here. The Central has also ordered two boarding trains to the stricken town.

AT VARIOUS PLACES.

Reports of Terrible Storm in the Upper Mississippi Region

St. Paul, Minn., June 13.—The terrific storm along the upper Mississippi river and its tributaries in Wisconsin and Minnesota have done enormous damage.

The worst destruction appears to have been at New Richmond, Wis., where a frightful twister struck just before 6 p.m. The storm effectually destroyed wire connection in the stricken region. Reports that have come in that the total number of killed and injured will range between 250 and 500.

The town at the time of the storm was crowded with people who had come from the surrounding country to attend a circus performance.

A dispatch from Stillwater, Minn., says that J. A. Carroll, a traveling man from Portage, Wis., who was at New Richmond at the time the storm struck, has reached that place. Mr. Carroll saw the funnel-shaped cloud as it came up the principal street and took refuge in the basement of the Hotel Nichols which was completely wrecked together with every other business house in the city. In the terrible sheets of rain following Carroll, with a few others, succeeded in recovering the proprietor of the hotel, Charles McKinnon, wife and one child, from the debris and they also removed the laundry girl who was fatally injured. They also removed two men named Barrett and Newall, who were severely injured. Carroll drove to Stillwater by team for relief and a train with doctors left at 12:15 a.m.

Carroll further says that fire followed the storm and that what is left of the town is being consumed by fire.

New Richmond is on the Wisconsin Central line and on the Duluth Superior branch of the Omaha road. It is 36 miles east of St. Paul and in the heart of the rich farming section of St. Croix county. It is one of the oldest towns of western Wisconsin and had many handsome residences. There were two principal streets crossing each other at right angles, the more important ones running east and west. It was through this one the storm passed. The thoroughfare was three miles long lined with trees and made a fine driveway. Damage to railroads, telegraph and telephone lines and crops is widespread.

Next to New Richmond, the most severe damage done by the storm was at Hudson, Wis., and also at Lacrosse, Wis. In the vicinity of the first named town a tornado and cloudburst destroyed wires, hay stacks, unroofed residences, barns and outbuildings all along its path.

At Lacrosse it was the worst storm in 17 years. Nearly five inches of rain fell. The river rose so rapidly that over 400 people living in the lower portion of the city were driven from their homes. Over 100 head of live stock were drowned. Nearly every bridge in the Lacrosse valley is gone.

At Mankato, Minn., six inches of rain fell. Winona, Minn., Sparta, Wis., and other towns in the adjoining territory are partly under water and much damage done.

Faribault, Minn., Elroy, Viola, Rockton, and Tohoma also suffered severely and have the same story to tell of flooded cellars and streets; heavy damage to crops, hundreds of heads of cattle drowned, numerous washouts on the railroads, bridges washed away and wire communication paralyzed.

Full of Smoke.
Minneapolis, Minn., June 13.—A through northbound Wisconsin Central train succeeded in reaching here, having come through New Richmond. The tracks were all cleared of the contents of lumber yards scattered over them. Conductor Cavin says he took twelve refugees to St. Paul with him. When the train came through the air was so full of smoke from burning buildings that it was difficult to tell the extent of the disaster. The central part of the town, however, was wrecked. A fire engine had arrived from a neighboring town and was doing its best to check the flames.

Relief Trains Sent.
Milwaukee, Wis., June 13.—Latest advices received at the offices of the Wisconsin Central Railway company in this city are to the effect that the list of dead for the storm at New Richmond, Wis., now foots up 160 and that the ruins of the ill-fated city are now being swept by fire. Every effort is being made to stay the progress of the flames and to rescue the dead and dying from the ruins. Relief trains were sent from Chippewa Falls and Steven's Point. Doctors and nurses are being picked up along the route.

Cyclone Horror.
St. Paul, Minn., June 13.—After witnessing the terrific war of elements which struck the city about 6 p.m. the people of St. Paul were prepared for reports of disasters in outlying districts. The New Richmond cyclone horror was not generally known in the city until the reports in the morning papers reached the people, causing much excitement. The Omaha railroad started a relief train from here with physicians and nurses in charge of Dr. Knox Bacon.

Terrible List of Casualties.

St. Paul, Minn., June 13.—A reporter who has returned from New Richmond, Wis., places the number of dead at 200 and the injured at about 1,000. He says that of the entire population of 2,500 only a few can be found unharmed. The town is almost totally destroyed.

Aid Called For.
Madison, Wis., June 13.—Governor Scofield issued a proclamation calling upon the people of Wisconsin to come to the aid of the people.

STABBED BY A GUARD.

General Luna Murdered at Headquarters of Aguinaldo.

BATTLE SOUTH OF MANILLA.

A Determined Engagement Occurs Between Americans and Filipinos in a Section Which Has Hitherto Been Quiet.

Manilla, June 13.—Information believed to be reliable has reached here of the assassination of General Luna and his aide-de-camp, Lieutenant Pasco Ramon, June 8, by Aguinaldo's guard at the headquarters of Aguinaldo. Luna and Ramon, it appears, went to the Filipino headquarters to confer with Aguinaldo, got into an altercation

insurgents had a large gun from which they were firing home-made canister, loaded with nails.

Their shooting was most accurate. The first lot of canister burst directly in front of Scott's guns and another shattered the legs of a private in the Fourteenth infantry. Several shots struck the edge of the town.

The country traversed was as bad as is possible to imagine, being mainly lagoons, mud and water fringed with bamboos.

As soon as the fighting opened the Americans were attacked by hidden riflemen on all sides, even the amigos or "friendly" natives, in the houses of the town shooting into their rear. The companies of the Twenty-first regiment skirmished along the beach with amo guides found apparently a handful of insurgents who retreated. The men of the Twenty-first followed and suddenly the insurgents opened a terrific fire on the troops from the sides and rear. The soldiers withdrew to the water's edge, finding what shelter they could, and were picked off rapidly.

After their ammunition was nearly exhausted the companies of the Twenty-first retreated, but General Lawton dashed down and rallied the men. A little group made a desperate stand. General Lawton, Major Starr and Lieutenants Donovan and Sonnenly taking rifles from the wounded men and firing at the enemy, bring down some of the insurgent sharpshooters from a tree. Finally their cartridges were all gone, and they were forced to break through the enemy's flank, carrying the wounded to the main body of the troops.

Report From Otis.

Washington, June 13.—The following cablegram was received from General Otis at Manilla: "Lawton's troops had a severe engagement with the enemy in strong entrenchments at the crossing of Zapote river near Bacoor, Cavite province. He has driven the enemy with heavy loss; our casualties some thirty. The insurgents in the southern section, not molested until they threatened an attack in strong force on Manilla, now scatter in retreat. It is doubtful if they make further stand."

A Fierce Battle.

Manilla June 13.—The fighting at Las Pinas continued hotly all day long. General Lawton called out the whole force of 3,000 men and at 5 p.m. he was only able to push the insurgents back 500 yards to the Seapote river where they are entrenched. The insurgents resisted desperately and aggressively. They attempted to turn the left flank of the troops. The American is conservatively estimated at 60.

Unimportant Cabinet Meeting.

Washington, June 13.—The cabinet meeting was brief. "For the first time since the life of the present cabinet began," said one of the members of the cabinet before the meeting adjourned, "the president asked each member in turn if he had any matter to bring to the attention of the cabinet and each in turn replied in the negative." The time of the meeting was largely occupied in reading the dispatches from Manilla and the reports of General Otis concerning the fighting to the south of Manilla. The reported death of General Luna, together with General Otis' dispatches, are considered very favorable.

Repudiates the Interview.

Washington, June 13.—The president has received an answer from President Haupt relative to the criticisms ascribed to him in a newspaper interview concerning the canal commission. The professor's reply is a complete repudiation of the interview.

Short Supply of Coal.

Santiago de Chile, June 13.—The U.S. cruiser Newark is safe. She has been detained in Smith channel owing to lack of coal. Two of her steam launches have arrived at Ancud, a part of Chile on the north coast of province of Chiloé.

Ordered to Manilla.

Washington, June 13.—An order has been issued by direction of Acting Secretary Melville John relative to the movement of the Twenty-fourth and Twenty-fifth regiments of infantry to Manilla.

Quiet at Buffalo.

Buffalo, N.Y., June 13.—Everything is quiet along the docks. About the only new feature was the placing of about 150 non-union men at work in the freight houses in place of the striking housemen.

Swept by Fire.

Durango, Col., June 13.—The business portion of Chama, N.M., has been swept clean by fire. The Denver and Rio Grande depot and roundhouse and half a dozen blocks were burned.

Shot In His Home.

Toledo, June 13.—Herman Shotfield, 60, living alone in a house in Jerusalem township, was found dead in his home. He had been shot in the head and a hole in the window showed that the shot was fired from outside.

POINCARE CONSULTED.

President Louhet summons Leader to the Elysee Palace.

GOSSIP ABOUT THE CABINET.

It Is Said Proposed Leader Is Willing to Accept the Task of Forming a New Ministry for the French Government.

Paris, June 13.—President Louhet conferred with the president of the senate, M. Falleres, and with the president of the chamber of deputies, M. Deschanel, and impressed them with the necessity of quickly ending the cabinet crisis.

M. Poincare was summoned by President Louhet and conferred with him at the Elysee palace. M. Poincare, on leaving the Elysee, said the president had merely consulted with him and that he had not yet been definitely asked to form a new cabinet. It is believed that Poincare will be asked to form a cabinet. It is understood that he is ready to accept the task and it is even said that he has already selected a cabinet, to be composed as follows:

M. Poincare, premier and minister of public instruction; M. Delcasse, minister of the interior; M. Bourgoise, minister of foreign affairs; M. Krantz, minister of war; M. Rouvier, or M. Delambre, minister of finance; M. Waldeck-Rousseau or M. Monis, minister of justice; M. Lannesson, minister of commerce; M. Sarrien, minister of public works; Senator Jean Dupuy, minister of agriculture; M. Guillain, minister of the colonies.

PICQUART RELEASED.

No Case Against a Supposed Forger In Dreyfus Case.

Paris, June 13.—The chamber of deputies has decided that there is case against Lieutenant Colonel Picquart charged with forgery in the Dreyfus case, or against Maître Leblois, his counsel, against whom charges were made in connection with the case.

The judgment of the court thus finally exonerates Picquart who was released from prison after being nearly a year in confinement.

Will Go to France First.

Washington, June 13.—A cable dispatch from General Otis relative to the departure of the Second Oregon states that the regiment will be taken to San Francisco first for the reason that one ship could not carry all of them and it was decided to send with the two ships sick and wounded soldiers, a detachment of the signal corps and others who were homeward bound. It is said that as soon as the Oregon regiment arrived at San Francisco the soldiers who do not belong to it can be unloaded and the ships then proceed up the coast to the Columbia river and Portland.

Dreadful Disease.

New Orleans, June 13.—Many cases of charbon are reported from various sections of the state and the disease seems to have taken firm hold on the stock, proving fatal. Mules are dropping dead. Two cases have come to light where the disease has attacked man. John Little, a planter, and Salvador Marina are both in the hospital. Parts of their bodies were terribly swollen. Marina caught the disease through the treatment of an afflicted horse while Little was inoculated by flies.

May Explain Transvaal Situation.

London, June 13.—Special importance is attached to the cabinet council. It lasted a couple of hours and it is believed the ministers finally determined upon the policy to be adopted towards the Transvaal. The secretary of state for the colonies, Mr. Joseph Chamberlain, is expected to make a definite statement on the subject in the house of commons unless the rumors of his resignation turn out to be true.

For a Sailors' Home.

New York, June 13.—While unwilling to accept a home for himself, Admiral Dewey is desirous that the money collected for his benefit be used for the establishment of a sailors' and sailors' home. A private cablegram sent by the admiral to a friend gives the authority for this statement.

Transferred to London.

Vienna, June 13.—Herr Stoekinger, the Austrian-Hungarian consul at New York, has been appointed deputy consul general at London and director of the commercial department of the Austrian-Hungarian embassy there.

A Total Wreck.

London, June 13.—A cablegram has been received from Buenos Ayres stating that the Norwegian ship Saratoga, Captain Bache, which sailed from Pensacola on March 6 for Puerto Belgrano is ashore and a total wreck.

CALL FOR DEMOCRATIC CONVENTION.

Pursuant to the order of the Democratic State Executive Committee which met in Lexington, March 8th, 1899, the Democrats of Mason County are requested to meet in mass convention at the court house in the city Maysville, on Saturday, June 17th, 1899, at 3 o'clock p.m. (standard time) and select delegates to attend the State convention to be held in Louisville, June 21st, 1899, for the purpose of nominating Democratic candidates for State offices, to be voted for November 7th, 1899.

T. D. SLATTERY,
Chairman Dem., Ex. Com. for Mason Co.
Stanley Watson, Secy.

PERSONAL.

—Dr. Frazee was at Lexington Tuesday.
Master Herman Altmeyer, of Cincinnati, is here visiting relatives.

—Mr. John Pyles of the county is visiting the Messrs. Chanslor near Millersburg.

—Miss Mary Noyes left this morning to be a guest at a house party given by Mrs. S. E. Perkins, of Indianapolis.

—Mrs. W. H. Rice and children have gone to Lexington to visit relatives. They were accompanied by Mr. and Mrs. T. J. Wood, of Tilton.

—Cynthiana Log Cabin: "Rev. O. P. Wallingford and family will leave to-morrow for their farm in Mason County. Rev. Wallingford's family will spend the summer there."

—John J. Thompson, Jr., after a course of study at the Kentucky University, Lexington, has returned to his home at Fern Leaf, much to the gratification of his many friends.

—Miss Sallie Ball, of this city, and Mr. Layson Tarr, of Millersburg, will be the attendants at the marriage of Miss Ellen Shackleford and Mr. Joel Mock to-day at the home of Mr. Winter at Renick, Ky.

HAYSWOOD.

The Thirteenth Year of This Institution Closed Last Evening—The Roll of Honor.

This school which, for so long, has maintained its reputation among the leading schools of the State, closed its thirteenth year last evening. The work of the pupils, both in the literary and musical departments, has been most gratifying to patrons and teachers, showing a wholesome progress in all that pertains to the highest development of mental culture.

The following is a list of those who, for excellence in deportment and presence at every roll call, merit being on the roll of honor: Misses Louise Maklben, Mamie Pecor, Allene Glascock and Lottie Smith.

In order to stimulate ambition, and get regular high grade work from the pupils during the year, a system of averages has been adopted, and those who made the required per cent. for fine scholarship, are Allene Glascock, Aline Mitchel, Bertie Ball and Frances Barbour. These will be advanced to the next grade without examinations.

On September 11th the seminary will re-open as usual. Prof. Robert J. Bullet will have charge of the pupils who wish violin instruction and also the French classes. Judging from his experience and the fine credentials he brings he should enjoy full patronage.

Admirably Qualified For the Position.

Falmouth Pendletonian: "Dr. J. M. Frazee, of Maysville, Ky., candidate for the Democratic nomination for Commissioner of Agriculture, was in town Tuesday shaking hands with the Democracy of Pendleton County. The Doctor is admirably qualified for the position and stands a fine show for the nomination."

The Appetite of a Goat

Is envied by all poor dyspeptics whose stomach and liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful stomach and liver remedy, gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Only 25c. at J. J. Wood & Son's drug store.

THE STATE PRISONS.

They Are Now Self Sustaining Under the New Democratic Commissioners.

FRANKFORT, Ky., June 10.—Under the management of the three Democratic Commissioners selected at the last legislative session in accordance with the provisions of the prison reform law to take charge of the State penitentiaries, those institutions, which have cost the State thousands of dollars to maintain, have been made self-sustaining for the first time. This fact is shown in the report of the Commissioners for the month of May, just made public. It shows the excess of receipts over expenditures at the two prisons for the month just closed to be nearly a thousand dollars, and makes a comparison with the same month in 1898, when, under control of the Sinking Fund Commission of the present State administration, the deficit was over four thousand dollars at one prison alone.

The changed result is due to a modification of the chair contract in the prison here, where 650 men are now employed by the Martin Company, of Cincinnati, at forty cents per day per convict, and to several other advantageous contracts leasing all the available inmates of the prison here and quite number at the Eddyville branch prison. The present corps of efficient officials selected by the commission are also entitled to credit for the improved condition, especially of the prison here in control of Warden Eph Lillard, of Jessamine County. The branch prison is not quite up to the standard yet, but the commission has under consideration now a bid for labor that if accepted will employ every idle man in that institution.

The May report shows that with 1,200 inmates the earnings of the main prison here were \$10,623.19, while the expenses were \$8,733.88, an excess of \$1,889.31. It shows that in May, 1898, under the old contract system, the expenses of the prison were \$23,473.32 and the earnings \$19,351.02, a deficit for the month of \$4,122.30, when there were 1,405 convicts confined.

The May report for the Eddyville prison shows the expenses of the month to have been \$3,988.88 and the earnings \$2,842.45, a deficit of \$1,056.43. For the month of May, 1898, the earnings of the prison were \$1,726.14 and the expenses \$4,030.16, a deficit of \$2,304.02.

The deficit at the branch prison of \$1,056.43 deducted from the excess of the main prison here, \$1,889.31, leaves a balance on hand June 1 of \$82.88.

THE CROP OUTLOOK.

What the Weather Bureau Says of the Prospects in Kentucky in Its Weekly Bulletin.

The first of the week was very warm and, with the exception of a few light, scattered showers, was quite dry; the latter part was favored by general showers and a little cooler weather. The conditions were favorable for the advancement of farm work and for the growth of crops. In some localities not visited by showers more rain is needed, but nearly all sections received a fair amount of rainfall.

The planting of corn was nearly completed and the earlier fields were cultivated. Corn is doing very well generally. Considerable tobacco was set and that destroyed by grasshoppers was replaced. The damage from these pests has been quite serious in some localities, but the present outlook for tobacco is quite satisfactory. The harvesting of early sown wheat was commenced; the yield will be light, but the quality is excellent. Harvesting will be under full headway during the coming week. Oats are reported to be in fair condition in nearly all localities and Irish and sweet potatoes are doing well. Gardens are flourishing and pastures are in good condition.

Apples are dropping badly and the outlook for fruit is not encouraging. Strawberries are still plentiful, and red and black raspberries are coming into the market.

The Modern Beauty.

Thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with its beauty. If her system needs the cleansing action of a laxative remedy, she uses the gentle and pleasant Syrup of Figs, made by the California Fig Syrup Company only.

WHILE returning from church at Paris Sunday Mr. Wm. Hukill, Sr., fell into the Main street cellar opening at the new Agricultural Bank site, and dislocated his right shoulder. He suffered great pain and was also considerably bruised by the fall. He is the father of Mrs. Dr. Davis, of Mayslick.

MR. JOSEPH SIMONS has been awarded the contract for building the new frame school house in district No. 50, at \$730 for all the work except the foundation and roofing. The foundation will be laid by Mr. Sam. Pressley and the roofing done by Mr. Henry Rasp. The Collins & Rudy Lumber Company will furnish the lumber.

MRS. FREDIE (THOMISON) MCCLANAHAN, formerly of this city, died a few days ago at her home in Illinois, aged twenty-seven years. Her remains were interred at Germantown last Sunday, after funeral services by Rev. W. W. Hall. She was a relative of Mr. S. D. Thompson, of this city, and had been married about a year.

ALEX. WHEATLEY, a negro boy, was yesterday indicted for petit larceny. He is still wearing short pants. "What did you steal?" asked Judge Harbeson. "Five dollars," replied the accused. "Did you ever steal anything else?" continued the Judge. "Only a horse" was Alex' surprising answer. Owing to his youth, the indictment was filed away, the Judge first admonishing him to quit stealing.

At last accounts Mr. Drew Edgington, who is ill with smallpox, at Vanceburg, was getting along finely. The report sent out from Vanceburg that he was suffering from "army rash" and not smallpox, we learn is not true. Dr. Adams, the attending physician, and Dr. Grimes and Dr. Clark all agree that it's a genuine case of smallpox, and Captain George Edgington and the nurse, Martin Webster, both of whom had the disease, also pronounce it smallpox. The case was so thoroughly quarantined that no spread of the disease is expected.

BROWN-NUTE.

A Daughter of Mr. Edward Nute, Formerly of This City, Married in Fayette County June 8th.

[Lexington Leader, June 8th.]

The marriage of Mr. Hart Brown and Miss Jennie Nute took place to-day at 10 o'clock at the home of the bride's relatives, Mr. and Mrs. Samuel Wilson, in the country. The wedding was very quiet, only the nearest kinsmen being present. The ceremony was performed by Dr. W. F. V. Bartlett, and Mr. Rogers Clay was best man.

After the ceremony and congratulations a dainty wedding breakfast was served and the bridal couple drove into Lexington and took the C. and O. train for a ten days journey. Upon their return they will reside at Hartland, the home of the groom's mother.

The bride is a very attractive and handsome young lady of Peoria, Ill., and has been making her home with her aunt, Mrs. Wilson, here since the recent death of her mother. Her father, Mr. Edward Nute, of Peoria, was present at the wedding.

The groom is the son of Mrs. Robert Brown, of Hartland, and is one of the brightest representatives of the distinguished Hart family of this State.

The Bee Hive

A Summer Sale of Linens!

By a very large purchase of choice linens, way under market prices, we are enabled to put on our counters an immense stock of Towels, Table Coverings, Napkins, &c., at prices most surprisingly low. This sale will last but a fortnight, and if there's anything lacking in your linen closet, you'll find this a rare opportunity for profitable linen buying.

TABLE COVERS.

Our special leaders are a fifty-inch bleached cloth, warranted pure linen, and worth fully 40c., at 25c. a yard; a sixty-four-inch cloth, half bleached and every thread linen, at 30c.; the regular 75c. Satin Damask Cloth, all linen, at 50c.; a sixty-six-inch full bleached cloth, the regular \$1 kind, at 69c.

NAPKINS.

Napkin prices during this sale will be temptingly low. There are many different kinds to choose from, ranging in prices from 50c. to \$4.50 per dozen, every one at least 30 per cent. under ordinary prices.

TOWELS.

Linen lovers will find our stock of Towels replete in every way. We'll sell you a thirty-inch all linen Towel at 10c. that is worth more than half again as much, at 19c., and 25c. you'll find a forty-inch all linen heavy Huck or Damask Towel, either hemstitched or fringed, that would be lowly priced at 35c. Towel prices range from 3c. to 75c.

A \$1.25 Eleven Quarter Quilt for 89c.—We haven't space enough to describe this bargain Quilt properly. But if you are in need of any, please call and test the truth of the above statement, namely a \$1.25 Quilt for 89c.

INSURANCE COMPANIES INDICTED.

The Grand Jury Charges Thirty-Eight of Them and Eighteen Agents With Maintaining a Trust.

Thirty-eight insurance companies doing business in Maysville and eighteen of the local agents were Tuesday afternoon indicted by the grand jury for entering into and maintaining a trust or combination to exact higher rates than the insuring public would otherwise have to pay.

The indictment charges that the companies and agents did "unlawfully conspire, confederate, combine, enter into, maintain, conspire, and continue an unlawful pool, trust, conspiracy, confederation, combination, compact and agreement intending and contriving thereby to persuade, intimidate, compel and force all agents and companies engaged in and offering to do a fire insurance business to enter into, maintain, consummate and continue said unlawful pool, trust," &c., the objects, aims and ends of which were "to counteract, avoid, stifle and kill the effect of free competition among all insurance companies and agents, and to fix and maintain the cost of fire insurance to the insuring public at a greater premium rate than would otherwise have to be paid, and thus unlawfully to exact, extort and procure greater sums of money from citizens owning and insuring property than said citizens would have to pay but for the existence of said pool, trust," &c.

THE TIGER TOBACCO TRANSPLANTER.

Makes the farmer absolutely independent of the weather. He sets his plants when he gets his ground ready, rain or shine. The superiority of the Tiger over all other Transplanters has been plainly demonstrated during seasons of severe drought, when experiments proved it to be the only machine that could be depended upon to give a good stand of plants under any and all weather conditions. With the TIGER the plants are properly set. The roots are in the puddle formed by the water, loose earth being forced down around and above the plant. In effect the water valve on the TIGER stands still at each hill long enough to pour the water precisely where it is wanted—a feature that cannot be duplicated by any machine devised by man. THE TIGER PUTS THE WATER JUST WHERE IT IS NEEDED—AT THE ROOTS. There are many superior points on the TIGER that makes it far ahead of any other Transplanter ever put on the market. We ask your inspection of same and that you place your order at once, as the factory could not supply the demand last season and we, ourselves, were only able to get a portion of our orders filled. So do not delay, but place your order with us at once, that we may be able to supply you before our stock is exhausted. Remember first come first served.

Fine Blue Grass FARM FOR SALE.

Having decided to sell my farm, I offer at private sale one of the best farms and prettiest homes in Central Kentucky. Said farm is on the Jackson Turnpike, four miles from Paris, four miles of Milligan's Creek, which is one of three stations on the Maysville railroad. It contains 329 acres, 150 acres of grass, and in a high state of cultivation. The dwelling is a two-story brick with ten rooms, and is one of the best built houses in Kentucky. There are two barns, two cabins, work shop, granary, buggy houses, coal and wood houses, and every building needed on a well regulated farm. Plenty of fruit of all kinds and never failing water. This farm will have to be seen to be appreciated. Terms easy. MRS. MARY E. HIBLER. Call on or address Bishop Hibler. 19d1m22
